

# MUST-HAVES, DEAL BREAKERS & ICE-CREAM!

## What is a FRIEND?

NAME: .....

### HOW DOES SOMEONE EARN THAT SUPER AWESOME TITLE IN YOUR LIFE & HOW DO YOU MAKE THAT FRIENDSHIP LAST?

Kids are oh-so guilty of not always thinking about what they really need and look for in a friend. They also don't think about where they draw the line.

Yeah, you probably have some really great friends and maybe even some not-so-great friends. Before doing anything else, it's very important that you get a handle on what you value in a friendship.

It is time to rack your brain and think hard about what qualities make a healthy friendship and what qualities make an unhealthy friend.

Work together with a parent or trusted adult to complete this list and then convince them to take you out for ice-cream!
